

# ARC and PLC Recommendations for 2024 for Wisconsin Farmers

January 4, 2024

**Paul D. Mitchell, Agricultural and Applied Economics, UW-Madison**

Office: (608) 265-6514 Email: [pdmitchell@wisc.edu](mailto:pdmitchell@wisc.edu) Web: <http://www.aae.wisc.edu/mitchell/extension.htm>

Expected prices for 2024 are above PLC effective reference prices, **so I recommend ARC-CO** for corn, soybeans, wheat, and oats for Wisconsin farmers. However, if you want to add SCO (Supplemental Coverage Option) crop insurance on top of your regular crop insurance policy, you will need to choose PLC for all base acres for that crop.

## Summary of recommendations for Wisconsin farmers for the 2024 crop year:

1. **Corn, Soybeans, Wheat, Oats:** Signup for County ARC (ARC-CO), but if you want to buy SCO (Supplemental Coverage Option) crop insurance, then signup for PLC
2. **Sorghum, Barley, Sunflower Seeds:** Signup for County ARC (ARC-CO)
